

### COVID-19 Catch-up Premium Report 2023-2024

| SUMMARY INFORMATION            |       |  |  |  |
|--------------------------------|-------|--|--|--|
| Catch Up Premium               | £0    | Amount of catch-up premium received per pupil: |  |  |
| School Led Tutoring            | £1257 | School Led Tutoring                            |  |  |
| Recovery Premium               | £2481 | Recovery Premium                               |  |  |
| Total catch-up premium budget: | £3738 |  |  |  |

Catch Up Premium - In June 2020 the government announced £1 billion of funding to support children and young people to catch up on missed learning caused by coronavirus (COVID19). This is especially important for the most vulnerable pupils and pupils from disadvantaged backgrounds who we know have been most affected. While schools can use their funding in a way that suits their cohort and circumstances, they are expected to use this funding for specific activities which will help pupils catch up on missed learning. Schools should particularly focus on disadvantaged and vulnerable pupils as we know they have been most affected.

<u>School Led Tutoring</u> -. The Government is offering schools an expanded tutoring offer from the start of academic year 2023/24. Schools can access three tutoring routes as part of the National Tutoring Programme: one of which is School-Led Tutoring. Eligible state-funded schools will receive a ring-fenced grant to source their own tutoring provision for disadvantaged and vulnerable pupils who have missed the most education due to COVID-19.

Recovery Premium - In February 2021, the government announced a recovery premium as part of its package of funding to support education recovery. The recovery premium provides additional funding for state-funded schools in the 2023 to 2024 academic year. Building on the <u>pupil premium</u>, this funding will help schools to deliver evidence-based approaches for supporting disadvantaged pupils.

#### STRATEGY STATEMENT

### Aims for 'Catch up' at Sharples:

- By the end of the 2023-24 year, attainment outcomes for all year groups will be at least in line with those at the end of the 2019-20 year. This means that if a child was working at an age-related expectation in a subject in March 2020 (before lockdown) they are working at least to an age-related expectation in that same subject by the end of the year.
- To reduce the attainment gap between disadvantaged pupils and their peers.
- To develop the outcomes of children who have been identified as needing "catch up" in their learning through providing additional support with a focus on basic core skills (including reading) and addressing any gaps in learning.
- To address the mental health needs of pupils that have arisen as a result of the pandemic and put the relevant support in place so that all children are in a regulated state and ready to learn.

# Planned expenditure for current academic year 2023 - 2024

| Quality of teaching for all  |  |   |   |               |   |       |
|--|--|---|---|---------------|---|-------|
| Action   | Intended outcome and success criteria  | What's the evidence and rationale for this choice?                              | How will you make sure it's implemented well?   | Staff<br>lead | When will you review this?  | Cost  |
| To raise the profile of theories of action and the impact they have on learning. | Children will be ready to learn Greater collaboration in learning Teaching for all children will be at least good with outstanding features Sharples will be part of an action research group working within the Global Spirit Network | %of children working at ARE and above in Summer 2023 is lower than Summer 2019. | -Early and regular pupil progress meetings with assessment lead and class teachers to determine needs of the childrenSLT to attend instructional rounds GP to meet with heads of other SAIL schools | GP            | Autumn 2 2023<br>Spring 1 2024<br>Spring 2 2024<br>Summer 1 2024<br>Summer 2 2024 | £1200 |
| cost:  |  |   |   |               | Total budgeted  | £1200 |

| Targeted support  |   |   |  |               |   |       |
|---|---|---|--|---------------|---|-------|
| Action  | Intended outcome and success criteria   | What's the evidence and rationale for this choice?  | How will you make sure it's implemented well?  | Staff<br>lead | When will you review this?  | Cost  |
| To employ additional staff to deliver phonics intervention in order to bridge the gap in phonics for those children identified as making slow progress or who have fallen behind their peers. | An increased % of children passing the Y1 and Y2 phonics screening checks. Children in Y3 that haven't previously passed their phonics to develop their level of phonics. | % of children working at ARE in phonics in summer 2023 are lower than previous years.   | -Staff given time to plan and prepare resources -monitoring by KB to ensure high quality teaching of phonics - Phonics tracking grids completed every 8 weeks -Assessment lead to track start and end data.  | КВ            | Autumn 2 2023<br>Spring 1 2024<br>Spring 2 2024<br>Summer 1 2024<br>Summer 2 2024 | £6435 |
| To set up school tutoring sessions to be able to 'plug gaps' in learning for the disadvantaged children in school outside of core teaching.   | For children to make progress in their learning by achieving missed KPIS  | PPG children that have been identified at pupil progress meetings as: Children's attainment was either below or 'at risk' in Summer 2023. | -2 x TAS to deliver school led tutoring -2 x TAS have time to plan and resource their sessions - TA liase with class teacher so they know the children's gaps in learning 2.5 hours per week x 39 weeks -TA to deliver Spring board in maths as a form of intervention 10 hours per week for 39 weeks - Assessment lead to track start and end data. | GP            | Autumn 2 2023<br>Spring 1 2024<br>Spring 2 2024<br>Summer 1 2024<br>Summer 2 2024 | £6480 |

# Impact of funding on learners 2023-2024

| Quality of teaching for a  | all   |   |                               |       |
